

Buford Highway Pedestrian Safety Improvements

The CID supported Doraville and partner jurisdictions in developing a Safety Action Plan for 13 miles of Buford Highway. Doraville secured federal funding for the effort in 2023, with the CID contributing support for access management studies. Completed in 2025, the plan outlines policies, implementation steps, and corridor concepts to guide future federal applications and local investments. The Cities of Doraville, Brookhaven, and Norcross adopted the plan.

Q4 2026 Update:
Stakeholders are advancing recommended projects, including Doraville's ongoing lighting improvements and vacant lot beautification.

Total Project Cost: \$300K
(Plan Only)
